

Introducing SARAH – A New Way of Working for Accounting Firms

March 2025

Imagine if you could...

Reliably access affordable, high-quality accounting talent

Spend more time with clients and less on repetitive tasks

Deliver engagements up to 50% faster

Adopt AI-driven automation where it matters

Avoid working nights and weekends during busy season

Be assured of full data protection

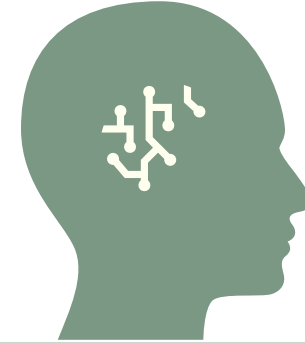

Fiscalix has the answer

Highly-skilled, AI-augmented global talent, integrated with your team to deliver superior audit, tax and accounting engagements

Introducing SARAH, your AI manager

- ✓ Always on 24/7
- ✓ Easy to engage with
- ✓ Understands your workflow
- ✓ Eager to be a member of your team
- ✓ Quick learner who's responsive to feedback
- ✓ Proficient in accounting standards and regulations

SARAH has access to AI agents who play a variety of roles

Data Engineer

Extract, process and harmonize data from multiple sources

Data Analyst

Identify patterns, make classifications, flag anomalies, forecast trends

Research Analyst

Answers technical queries, monitor regulatory changes, summarize documents

Content Composer

Populate forms, suggest responses, build initial drafts of memos / reports

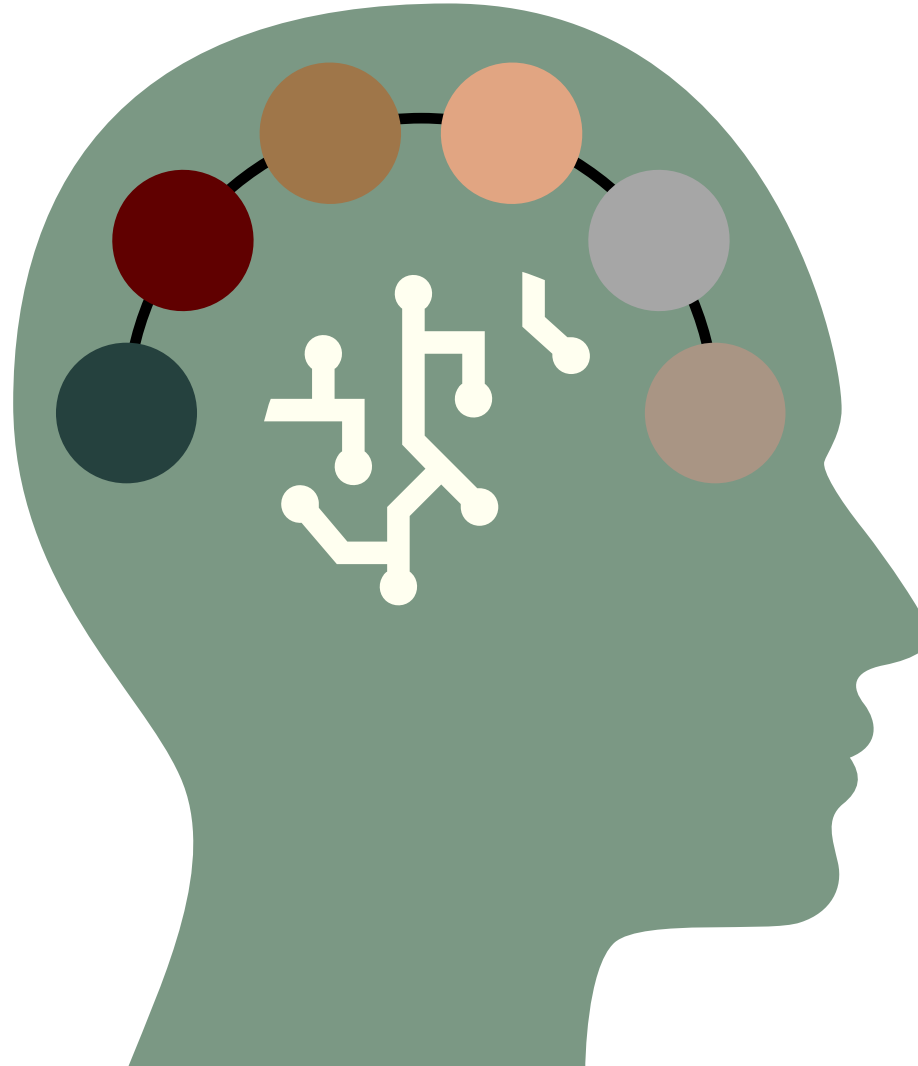

Workflow Orchestrator

Automate processes, eliminate repetitive tasks, ensure seamless data flows

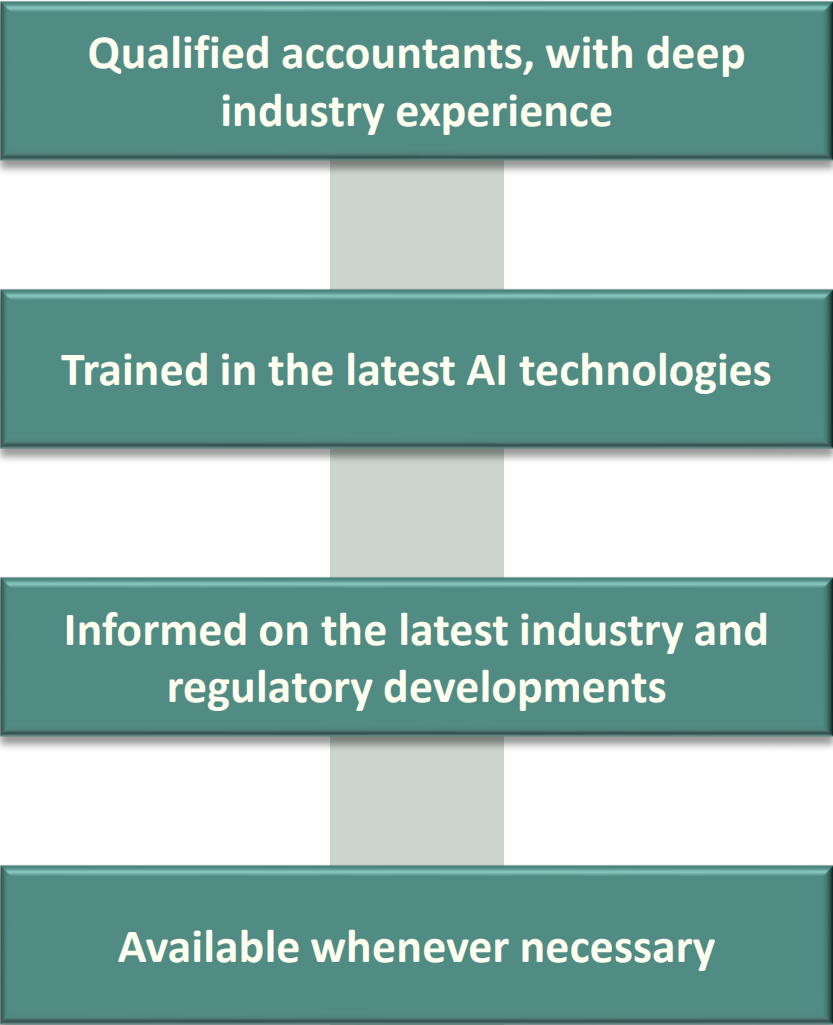

Client Service Manager

Interface with clients to gather information, answer questions and troubleshoot issues

SARAH also has offshore human workmates

Select Profiles

Manager

Education: CPA + Undergraduate Business Degree

Experience: 8+ years in Statutory Audit

Profile: Experienced Big 4 audit manager with expertise in external and internal audits, risk management, and business analysis. Skilled in leading teams, streamlining processes, and ensuring compliance.

Senior

Education: CPA + Masters Degree in Finance
