THE VORA GROUP

INNOVATION AND ENTERPRENUERSHIP AT ITS FINEST

The **Vora Group** starts, acquires and/or invests in high potential, seed and early-stage Digital Transformation companies and achieves high growth through organic execution and strategic M&As.

Typical seed investment starts at \$500k and we invest up to \$25M in additional capital to facilitate organic growth.

The Group is **100% privately owned** and manages a portfolio of multiple Information Technology companies in Software, Infrastructure and Services.

The Group's very strong, conservative and thoughtful financial strategy is evidenced by its proven track record over 25 years and has allowed it to enjoy 45%+ CAGR over the past 18 years, despite the financial downturn 2008-10 and Covid years.

Mahendra Vora, Executive Chairman of the Vora Venture Group, has seen great success in building and selling leading technology companies to Fortune 500 Companies and stays actively involved in the daily success of his operating companies.

Mahendra personally assists his companies with the Finance, Strategy, and Brand (Culture & Values) and plays an active role in creating and negotiating Large, Strategic Deals.
